

Professional Ultra Water Heaters

STANDARD FEATURES

- Isolated tank design reduces conductive heat loss
- Dual 5500 watt stainless steel heating elements
- Simple easy to read diagnostics
- EcoNet WiFi-connected technology and free mobile app gives users control over water systems, allowing for customizable temperature, vacation settings, energy savings and system monitoring at home or away.
- Water sensor detects water outside of the unit and sends an alert via the free EcoNet mobile app to the homeowner.
- Over-temperature protector cuts off power in excess temperature situations.
- EverKleen self cleaning device fights harmful sediment build-up with a high-velocity spiraling water stream-helps operating efficiency by saving energy, money and improving tank life.
- Premium grade anode rod provides long-lasting tank protection.
- Temperature and pressure relief valve included.
- Enhanced-flow brass drain valve.
